

## **EUGLOH Connect:** Your gateway to international collaboration

The **European University Alliance for Global Health** is launching its new tool: **EUGLOH Connect!**

**What is EUGLOH Connect?** EUGLOH Connect is an integrated platform designed to strengthen collaboration within the EUGLOH Alliance. It facilitates matchmaking and fosters partnerships among academics, administrative staff, students, and external stakeholders. The platform provides opportunities for research collaborations, teaching partnerships, internships, innovation projects, and more. Whether you're looking to expand your professional network or contribute to ground-breaking projects, EUGLOH Connect is the place to start.

**Who can use EUGLOH Connect?** The platform is accessible to all users from the EUGLOH partner universities and beyond. The primary users include:

- Students
- Academic and research staff
- Administrative staff
- Other/external stakeholders

### **Key features and benefits**

- **Expand your network:** Connect with experts and professionals across disciplines.
- **Offer collaboration opportunities or your expertise:** Registered users can create opportunity listings, including research/innovation cooperation, EU projects, joint courses/workshops, internship and PhD offers.
- **Access new international mobility opportunities:** Develop partnerships that strengthen global health initiatives.
- **Sign up for the Expert Database:** Connect with leading researchers, educators, and specialists in various fields to enhance research and policy impact.

**Ready to register?** While browsing is open to all, registration is required to actively participate in collaborations, create new opportunities, and be listed in the Expert Database. Click on "Sign Up," and provide the required details. Engaging with the platform unlocks valuable resources and connections that can enhance professional growth and institutional partnerships.

**Join EUGLOH Connect today!** Be part of a thriving international community and drive impactful collaborations in education, research, and innovation. Seize the opportunity to engage with global partners and contribute to meaningful projects that make a difference.
